- Info about the admin login details
 - ✓ Met stored in the database
- The school colour scheme (white and turquoise)
 - ✓ Websites use colors
- A display of the house points
 - ✓ Has a display of the house points on the points page

Minor Improvements

- The website could have better formatting
- The website could have links to the other websites and socials "However, I do feel like you should add some links to the other Bish websites, such as like the school's Instagram page or Facebook page, et cetera."

Major Improvements

- Logins can be changed through the website in a secure manner
- There could be logins made through the website for new users
- Having specific user functions besides for the admins
